

# Announcement!

Eight new state of the art buses have arrived and will be placed in service on January 5, 2009. These 35-foot buses will have bike racks and video surveillance equipment. Two of the buses will be hybrid, powered by diesel and electric.

The LRTA is pleased to place these buses into your service and we now have one of the newest bus fleets in the Commonwealth and in the United States.

*Thank you for your patience and patronage!*
